May 2018

Dear Parents/Carers,

During this term all children in Year 5 and 6 will be involved in Relationships and Sex Education lessons. RSE is an important issue which concerns us all. The programme will include work about the names of body parts, growing up and menstruation (Year 5 & 6). In Year 6 work will be extended to the responsibilities of having a baby and conception.

Before the children undertake this part of the curriculum we will be holding a meeting for parents and carers on **Friday 8 June at 2.45 pm**. You will have the opportunity to see the materials we will be using and to ask any questions that may concern you. You have the right to withdraw your child from these sessions should you feel that you would prefer to deal with this part of their education yourself and can do so by completing the tear off slip below and returning it to school by the end of the day 15 June 2018.

Yours sincerely

Mrs L Knowles  
Teacher
